

Many of you have enjoyed the trip up the scenic Highway 79 from the St. Peters area and Winfield through Clarksville, Louisiana and Hannibal. If you haven't, consider this an official invitation! A large part of Highway 79 has been designated as a National Scenic Byway and the small communities along with way offer friendly stops during your trip. You should know though that there are several areas of road construction and maintenance planned for 2012 & 2013 but the ways around will show great roads too..

Scheduled Construction Closures with dates 

Don't despair, where one door closes another opens. We are willing to share some of our best kept secrets in some of the back-roads, those less traveled but great "bike" roads none the less. The Department of Transportation makes weekly entries on their website regarding the work in progress so you are encouraged to visit them prior to your trip but keep this handy map with you, it will provide an alternate route with some 'notes' about the route.
